TIME	STATUS	ISSUE
0:03	REQUIRED	Capitalization inconsistency: 'CONTROVERSY' should match 'POLITICAL' styling Caption: “POLITICAL CONTROVERSY” Why: Both words are part of the same title overlay and should use consistent capitalization treatment. Currently 'POLITICAL' and 'CONTROVERSY' appear to have different visual weight/styling. Fix: Ensure both words use identical capitalization and styling: 'POLITICAL CONTROVERSY' (all caps, uniform)
0:12	REQUIRED	Spelling error: 'villian' should be 'villain' Caption: “villian bana diya jata hai” Voiceover: “aur kisi ko villen bana diya jata hai” Why: Incorrect spelling of the English word 'villain' — the standard spelling has two 'l's. This is a professional accuracy error. Fix: Change 'villian' to 'villain'
0:19	REQUIRED	Audio mismatch: caption 'ginne jate hain' but voiceover says 'logon mein ginne jaate hain' Caption: “ginne jate hain” Voiceover: “logon mein ginne jaate hain” Why: Caption is incomplete and missing the opening phrase 'logon mein' (among people); also 'jate' should be 'jaate' (present continuous tense). Fix: Change to 'logon mein ginne jaate hain' or ensure caption shows the full phrase as spoken.
0:23	REQUIRED	Audio mismatch: caption 'balki unka infrastructure empire hai' does not match voiceover 'Infrastructure empire hai' Caption: “balki unka infrastructure empire hai” Voiceover: “Infrastructure empire hai. India ke ports” Why: The caption introduces 'balki unka' (but theirs) which is not spoken in the audio at this timestamp. The voiceover says only 'Infrastructure empire hai' without the prefix. Fix: Remove 'balki unka' from the caption; change to 'infrastructure empire hai' to match the voiceover
0:37	REQUIRED	Capitalization error: opening word 'ek' should be capitalized as 'Ek' Caption: “ek time aisa tha jab bharat” Voiceover: “Ek time aisa tha jab bharat” Why: First word of a sentence must be capitalized; 'ek' starts the caption and should read 'Ek'. Fix: Change 'ek time aisa tha jab bharat' to 'Ek time aisa tha jab bharat'
0:38	REQUIRED	Capitalization error: opening word 'ko' should be capitalized as 'Ko' Caption: “ko apna kaafi export cargo” Voiceover: “ko apna kaafi export cargo” Why: First word of a sentence must be capitalized; 'ko' starts the caption and should read 'Ko'. Fix: Change 'ko apna kaafi export cargo' to 'Ko apna kaafi export cargo'
0:43	REQUIRED	Capitalization error: 'Transshipment' should be lowercase 'transshipment' in mid-sentence context. Caption: “Transshipment hub nahi tha” Voiceover: “Transshipment hub nahi tha” Why: Proper capitalization for mid-sentence compound nouns; 'Transshipment' is capitalized incorrectly. Fix: Change 'Transshipment hub nahi tha' to 'transshipment hub nahi tha'.
0:49	REQUIRED	Spelling error: 'leke' should be 'lekar' (from/starting from) Caption: “jab koi group port se leke” Voiceover: “jab koi group port se leke” Why: Correct Hinglish preposition is 'lekar' meaning 'from/starting from'; 'leke' is incomplete/incorrect form that changes meaning Fix: Change 'leke' to 'lekar'
0:50	REQUIRED	Spelling error: 'airports' should be 'airports' (correct) but caption shows lowercase 'airports' — verify capitalization consistency with frame 1 Caption: “airports tak” Voiceover: “airports tak” Why: Proper noun 'Airports' should maintain consistent capitalization across related captions in sequence Fix: Ensure consistent capitalization: if 'port' is capitalized in frame 1, 'airports' should match the style convention
1:08	REQUIRED	Spelling error: 'aasehmat' should be 'asahmat' (disagreement); also 'hon' should be 'ho' or 'hain' Caption: “yaa unse poori tarah aasehmat hon” Voiceover: “ya unse poori tarah asahmat ho / ya unse poori tarah asahmat hain” Why: The correct Hinglish spelling is 'asahmat' (not 'aasehmat' with doubled 'a'). Also, 'hon' is not standard; should be 'ho' (singular) or 'hain' (plural). Fix: Change 'yaa unse poori tarah aasehmat hon' to 'ya unse poori tarah asahmat ho' (or 'hain' if plural intended)
1:15	REQUIRED	Spelling error: 'Anademy' should be 'Academy' Caption: “Booming Bulls Anademy” Why: The brand name is misspelled; 'Academy' is the correct spelling. This is a brand consistency error. Fix: Change 'Anademy' to 'Academy'

TIME	STATUS	ISSUE
0:13	OPTIONAL	Hinglish spelling variant: 'apne' vs 'aapne' — caption omits the doubled 'a' Caption: “kya apne kabhi ruk kar socha hai” Voiceover: “lekin kya aapne kabhi ruk kar socha hai” Why: The audio says 'aapne' (formal/respectful 'you have'), but caption shows 'apne'. While both are understood in Hinglish, 'aapne' is the more formal/standard romanization. Fix: Consider changing 'apne' to 'aapne' for consistency with voiceover and formal register
0:18	OPTIONAL	Hinglish spelling variant: 'ameer' — verify consistency with brand style guide. Caption: “asia ke sabse ameer logo mein” Voiceover: “asia ke sabse ameer logo mein” Why: Romanization of 'ameer' (rich/wealthy) is acceptable but should be consistent across all frames. Fix: Confirm 'ameer' is the approved romanization; if not, standardize to brand preference (e.g., 'amir').
0:31	OPTIONAL	Spelling variant 'Centres' (British) appears in Frame 1 at 31.95s. The audio says 'डेटा सेंटरस' (data centers), and Adani is an Indian company that uses American English standard 'Centers' in official communications. The word is clearly visible and complete in the caption, not a partial animation reveal. Caption: “Data Centres” Voiceover: “Data Centers” Why: Inconsistent spelling across the caption sequence. Frame 2 shows 'Transmission Networks' in American English style. Fix: Change 'Centres' to 'Centers'
0:33	OPTIONAL	Hinglish spelling variant: 'sabhi' vs 'sabhee' — verify consistency with approved glossary Caption: “inn sabhi sectors mein” Voiceover: “inn sabhee sectors mein” Why: The romanization 'sabhi' is a valid Hinglish variant but differs from the audio emphasis; check against brand style guide. Fix: Confirm the approved Hinglish romanization for this phrase in the brand glossary; if 'sabhee' is standard, update to match.
0:35	OPTIONAL	Capitalization: 'Adani' is correct; verify 'group' is lowercase per brand style Caption: “Adani group ki strong presence hai” Voiceover: “adani group ki strong presence hai” Why: Proper noun 'Adani' should be capitalized; 'group' is common noun and should remain lowercase for consistency. Fix: Confirm caption reads 'Adani group ki strong presence hai' with only 'Adani' capitalized.
0:41	OPTIONAL	Hinglish spelling variant: 'bhjna' — verify standard form. Caption: “bhjna padta tha” Voiceover: “bhjna padta tha” Why: Romanization consistency; 'bhjna' is acceptable Hinglish for 'bhijana' (to send). Fix: Caption is acceptable as-is; no correction required.
0:47	OPTIONAL	Frame 1 (47.93s) clearly shows 'koshish kar rahaha' — the word 'rahaha' is a genuine double-letter typo and should read 'raha hai' Caption: “koshish kar rahaha” Voiceover: “koshish kar raha hai” Why: The caption shows 'rahaha' (repeated 'ha') instead of the correct two-word phrase 'raha hai' (is trying). This is a clear repeated-letter error that changes the meaning. Fix: koshish kar raha hai
0:52	OPTIONAL	Capitalization inconsistency: 'Digital' is capitalized mid-sentence. Caption: “Digital infrastructure tak” Voiceover: “digital infrastructure tak” Why: Standard caption style uses lowercase for mid-sentence words unless they are proper nouns; 'digital' is not a proper noun here. Fix: Change 'Digital infrastructure tak' to 'digital infrastructure tak' for consistency.
0:53	OPTIONAL	Audio mismatch: caption 'itne' but voiceover says 'kitne'. Caption: “desh ke itne important sectors” Voiceover: “desh ke kitne important sectors” Why: Both are Hinglish words meaning 'how many' / 'so many', but they are different words; caption should match the spoken word. Fix: Change 'itne' to 'kitne' to match the voiceover.
1:01	OPTIONAL	Spelling error: 'smjhna' should be 'samjhna' Caption: “ko samjhna sirf ek company ko smjhna nahi hai” Voiceover: “ko samjhna sirf ek company ko samjhna nahi hai” Why: Missing vowel 'a' — 'smjhna' is not a valid Hinglish word; should be 'samjhna' (to understand) Fix: Change 'smjhna' to 'samjhna'
1:06	OPTIONAL	Hinglish spelling inconsistency: 'krein' should be 'karen' (standard conjugation for 'support') Caption: “aap unhe support krein” Voiceover: “aap unhe support karen / aap unhe support krein” Why: The standard Hinglish form for 'you support' is 'karen', not 'krein'. This is a recognized spelling variant but the canonical form is 'karen'. Fix: Change 'krein' to 'karen'
1:09	OPTIONAL	Spelling error: 'aoj' should be 'aaj' (today) Caption: “lekin aoj adani group” Voiceover: “lekin aaj adani group” Why: 'aoj' is a misspelling of 'aaj' (today in Hinglish). The correct spelling is 'aaj'. Fix: Change 'aoj' to 'aaj'
1:13	OPTIONAL	Word segmentation error: 'Follow us' should be 'Follow us' (correct) but 'Join our' reads as one phrase — verify spacing and line break alignment. Caption: “Follow us and Join our free telegram channel” Voiceover: “Follow us and” Why: The caption text 'Follow us and Join our free telegram channel' has inconsistent spacing/line breaks. 'Follow us and' should align properly on separate lines for readability. Fix: Reformat to: 'Follow us and / Join our free telegram channel' with proper line break after 'and', or adjust layout alignment per design spec.
