TIME	STATUS	ISSUE
0:03	MISTAKE	Caption text does not match audio voiceover at this timestamp. Caption: “POLITICAL CONTROVERSY” Voiceover: “Controversy” Why: The audio says 'Controversy' but the on-screen caption reads 'POLITICAL CONTROVERSY' — the word 'POLITICAL' is not spoken and adds unintended meaning. Fix: Change caption to match voiceover: remove 'POLITICAL' or verify the intended caption text against the full audio script.
0:14	MISTAKE	Spelling error: 'aakhir' should be 'akhir' or verify the full phrase structure Caption: “ki aakhir adani group” Voiceover: “aakhir adani group” Why: The caption shows 'ki aakhir' but the audio transcript shows 'aakhir' as the start of the phrase; 'ki' may be extraneous or the caption may be incomplete from the previous frame. Fix: Verify caption alignment with audio; likely should read 'aakhir adani group' without the leading 'ki', or confirm if 'ki' belongs to the prior sentence.
0:22	MISTAKE	Caption matches voiceover content; no spelling or grammar error. Caption: “balki unka infrastructure empire hai” Voiceover: “balki unka infrastructure empire” Why: Audio mismatch: caption reads 'unka' but voiceover says 'inka' — meaning-changing word substitution Fix: Change 'unka' to 'inka'
0:31	MISTAKE	Frame 1 displays 'Data Centres' (British spelling). Audio says 'डेटा सेंटर' (data centers). Brand context (Adani Group, Indian multinational) uses American English standard 'Centers' not British 'Centres'. Caption: “Data Centres” Voiceover: “Data Centers” Why: The voiceover says 'Data Centers' (American English), but the caption shows 'Data Centres' (British English). Consistency with audio is required. Fix: Change 'Data Centres' to 'Data Centers'
0:45	MISTAKE	Spelling error in brand name: 'Vizhinjamin' should be 'Vizhinjam' (missing 'j', extra 'in') Caption: “Vizhinjamin international” Voiceover: “vizhinjamin international” Why: Brand name is misspelled; this is a proper noun and must be spelled correctly for professional credibility Fix: Change 'Vizhinjamin' to 'Vizhinjam'
0:47	MISTAKE	Spelling/grammar error: 'rahahta' is incorrect; should be 'raha hai' (present continuous tense) Caption: “koshish kar rahahta” Voiceover: “koshish kar raha hai” Why: Incorrect verb conjugation changes the grammatical structure and does not match the voiceover; 'rahahta' is not a valid Hinglish word form Fix: Change 'koshish kar rahahta' to 'koshish kar raha hai'
0:49	MISTAKE	Spelling error: 'leke' should be 'lekar' (conjunction form) Caption: “jab koi group port se leke” Voiceover: “jab koi group port se lekar” Why: Correct Hinglish grammar requires 'lekar' (from...to) not 'leke' in this context; changes meaning/clarity Fix: Change 'leke' to 'lekar'
0:56	MISTAKE	Audio mismatch: caption omits critical negation word Caption: “toh vo sirf ek business group” Voiceover: “vo sirf ek business group nahi reh jata” Why: The voiceover says 'nahi reh jata' (does not remain), but the caption stops at 'business group' without the negation. This changes the meaning—the sentence should convey that the entity is NOT just a business group. Fix: Extend caption to include 'nahi reh jata' or verify the caption timing; the full phrase should read 'toh vo sirf ek business group nahi reh jata'.
0:58	MISTAKE	Spelling error: 'economy' should be 'ikonomi' (Hinglish transliteration of Hindi) Caption: “vo economy ka ek important part” Voiceover: “vo ikonomi ka ek important part” Why: The caption uses English 'economy' but the voiceover speaks Hindi 'ikonomi'; consistency requires matching the audio's Hinglish register. Fix: Change 'economy' to 'ikonomi'
1:06	MISTAKE	Audio mismatch: caption 'krein' does not match voiceover 'karen' Caption: “aap unhe support krein” Voiceover: “aap unhen support karen” Why: The caption uses 'krein' (incorrect conjugation) while the audio clearly says 'karen' (correct present-tense form). This is a grammatical error that changes the verb form. Fix: Change 'krein' to 'karen'
1:08	MISTAKE	Audio mismatch: caption 'aasehmat hon' does not match voiceover 'asahmat ho' Caption: “yaa unse poori tarah aasehmat hon” Voiceover: “ya unse puri tarah asahmat ho” Why: The caption shows 'aasehmat hon' (incorrect spelling and verb form) while the audio says 'asahmat ho' (correct spelling and singular verb form). Multiple errors: doubled 'aa', wrong verb ending 'hon' instead of 'ho'. Fix: Change 'aasehmat hon' to 'asahmat ho'

TIME	STATUS	ISSUE
1:09	MISTAKE	Caption text matches audio — no error Caption: “Iekin aaj adani group” Voiceover: “Iekin aaj adani group”
1:15	MISTAKE	Brand name misspelling: 'Anademy' should be 'Academy' Caption: “Booming Bulls Anademy” Voiceover: “Booming Bulls Academy” Why: The brand name is consistently 'Booming Bulls Academy' throughout the video; 'Anademy' is a typo that undermines brand credibility. Fix: Change 'Anademy' to 'Academy'
0:18	REVIEW	Hinglish word form mismatch: caption 'logo' should be 'logon' (plural oblique case) Caption: “asia ke sabse ameer logo mein” Voiceover: “asia ke sabse ameer logon mein” Why: In Hinglish, 'logo' (nominative plural) should be 'logon' (oblique plural) when used with the postposition 'mein' (among/in). The audio confirms 'logon'. Fix: Change 'logo' to 'logon' to read 'asia ke sabse ameer logon mein'
0:32	REVIEW	Caption text 'Logistics' appears incomplete or truncated in frame; audio says 'logistics' Caption: “Logistics” Voiceover: “logistics” Why: The visible on-screen text 'Logistics' is cut off mid-word as 'Log...stic' in yellow overlay at bottom left Fix: Ensure full word 'Logistics' is visible on screen, or verify the caption timing aligns with the complete word reveal
0:35	REVIEW	Audio mismatch: caption reads 'Adani group ki strong presence hai' but audio says 'in sabhi sectors mein Adani group ki strong presence hai' Caption: “Adani group ki strong presence hai” Voiceover: “Adani group ki strong presence hai” Why: The caption is missing the opening phrase 'in sabhi sectors mein' (in all these sectors) that the voiceover clearly states. The caption should include the complete sentence or be time-aligned to show the full phrase. Fix: Extend caption to read 'In sabhi sectors mein Adani group ki strong presence hai' or adjust timing so the opening phrase appears in an earlier frame
0:02	STYLE	Spelling error: 'apke' should be 'aapke' Caption: “apke dimaag mein sabse pehle” Voiceover: “apke dimaag mein sabse pehle” Why: Standard Hinglish romanization requires 'aapke' (your); 'apke' is a misspelling that affects readability and professionalism. Fix: Change 'apke' to 'aapke'
0:12	STYLE	Spelling error: 'villian' should be 'villen' Caption: “villian bana diya jata hai” Voiceover: “aur kisi ko villen bana diya jata hai” Why: The caption misspells the Hindi word; correct Hinglish romanization is 'villen' (villain/antagonist), not 'villian'. Fix: Change 'villian' to 'villen'
0:33	STYLE	Double-letter typo: 'inn' should be 'in' Caption: “inn sabhi sectors mein” Voiceover: “in sabhi sectors mein” Why: The word 'inn' (hotel) is a real word but incorrect here; the audio and context require 'in' (in/within). This is a repeated-letter error. Fix: Change 'inn sabhi sectors mein' to 'in sabhi sectors mein'
0:43	STYLE	Capitalization inconsistency: 'Transshipment' is capitalized mid-sentence; should be lowercase 'transshipment' unless it is a proper noun. Caption: “Transshipment hub nahi tha” Voiceover: “Transshipment hub nahi tha” Why: Standard sentence capitalization rules require lowercase for common nouns mid-sentence unless they are brand/proper names. Fix: Change 'Transshipment hub nahi tha' to 'transshipment hub nahi tha' (lowercase 't').
0:46	STYLE	Spelling error: 'uss' should be 'us' (double-s typo); 'badline' should be 'badlne' or 'badalne' Caption: “seaport uss image ko badline ki” Voiceover: “seaport us image ko badlne ki” Why: Double-letter typo and incorrect word form break readability and meaning; caption does not match voiceover accurately Fix: Change 'seaport uss image ko badline ki' to 'seaport us image ko badalne ki'
0:52	STYLE	Capitalization inconsistency: 'Digital' is capitalized mid-sentence when it should follow the established lowercase Hinglish style of the preceding captions. Caption: “Digital infrastructure tak” Voiceover: “digital infrastructure tak” Why: The previous captions ('airports tak', 'energy se leke') use lowercase opening words. This frame breaks that consistency with 'Digital' capitalized, creating a jarring style shift. Fix: Change 'Digital infrastructure tak' to 'digital infrastructure tak' to match the established caption style.
0:53	STYLE	Hinglish romanization: 'desh' may be more consistently spelled 'des' or verified against the established romanization standard used in the video. Caption: “desh ke itne important sectors” Voiceover: “desh ke itne important sectors” Why: Minor romanization variant; the meaning is clear, but consistency across the video's Hinglish spelling choices should be verified. Fix: Confirm the video's standard Hinglish romanization for 'desh' (country) and apply consistently across all frames.
1:13	STYLE	Word segmentation error: 'Follow us' should be 'Follow us' (correct) but 'Join our' reads as two separate words when it should maintain consistent spacing. More critically: missing space or punctuation between 'us and' — reads as run-on. Caption: “Follow us and Join our free telegram channel” Voiceover: “Follow us and” Why: The line 'Follow us and Join our free telegram channel' lacks proper punctuation or line break between the two imperative clauses, making it read as a run-on sentence. Fix: Add punctuation or line break: 'Follow us and / Join our free telegram channel' OR 'Follow us and join our free telegram channel.' (lowercase 'join' for grammatical consistency as a second imperative in the same sentence).
